

L 700 antenna 18 elements

A monolithic Yagi antenna equipped with 18 elements, a dihedral-shaped reflector and a double-V dipole. Compact and light-weight, it provides an exceptional relation between robustness, directivity and gain.

Can be installed in both horizontal and vertical polarizations.

Supplied in 6-unit packing.

Ref.	112121
Logical ref.	FSA412LTE2
EAN13	8424450207864

Other features

Colour	Black
Power Supply Unit	Not included
Supply method	Single packing

Packaging info

Box	6 pcs.
------------	--------

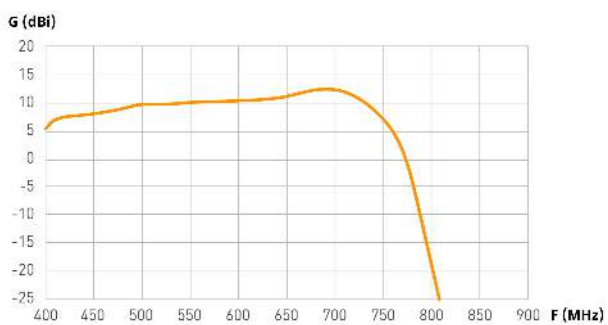

Physical data

Net weight	1,013.00 g
Gross volume	117.60 dm ³
Gross weight	2,051.00 g
Width	1,127.00 mm
Height	591.00 mm
Depth	550.00 mm
Main product weight	1,013.00 g

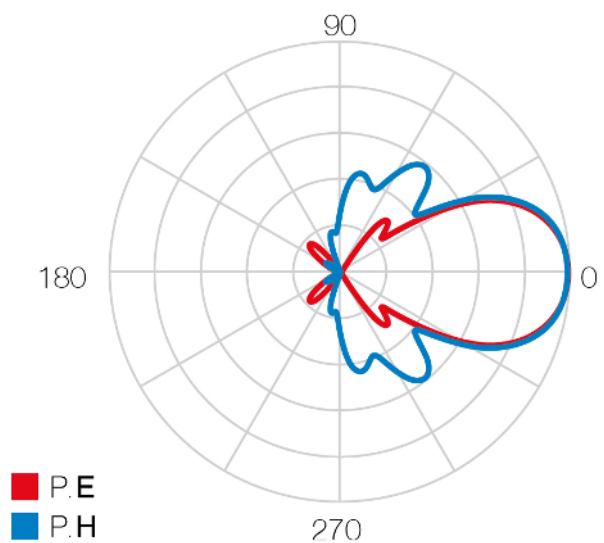

Discover

- Built with aluminium (corrosion resistant) for a long service life, and in ABS plastic for high weather resistance
- The mast-mounting system utilizes Zamak to provide sturdiness and stability in adverse weather conditions
- Designed and manufactured in Europe, our products undergo the most stringent quality controls
- The connection box includes a balun for impedance matching
