Set-Top Box Kit Nemesis V2

Kit consisting of an advanced interactive digital and high definition receiver, designed to receive IP services and with the capacity to develop interactive applications and services in its integrated browser.

Based on the AOSP (Android Open Source Project) with a complete management tool and an intuitive user application, the STB is the perfect choice to offer information and entertainment services.

The kit also includes:

- HDMI Cable
- Universal remote control with IR Mode and Bluetooth Low Energy. It allows to control the basic functions of the TV (on, off, volume, mute, input change) and all the STB Nemesis V2 available functionalities. Ergonomic design and metal membrane for all buttons (Ref. 830216)
- Power supply 10 W (5 V/2 A), with Jack, EU, UK and US plugs (Ref. 830218)
