

DS Cloud Hosting Annual license per digital signage player for accessing Arantia DS system

The core Arantia DS management application is hosted inside Televes Cloud infrastructure and the distributed DS Players access to it from any place with Internet access. Therefore each player must be registered in the system with an active DS Cloud Hosting license that includes one year access to the Arantia DS system. The first year license is already included in the DS Players. From the second year onwards, it will be necessary to purchase the DS Cloud Hosting license for accessing the system.
