

Surge protection device Class I

Accessory complementary to all Class I luminaires. It provides extra protection against surges caused by electrical storms. Thanks to the surge protector, maintenance and replacement costs are reduced, as it ensures a longer service life for the luminaires. It has a LED indicator to know the status of the device, whether it is operational or needs to be replaced. It's also protected against ingress of liquids and solids IP67 and includes a watertight connector to prevent water ingress into the connection.

It is compatible with all our Class I luminaires: Maxi, Flex, Flex One and Flex Mini Floodlights, Zar High-bay lamp, InnerLED, Retrofit (E4 Series) and Retrofit Q.

Ref.	692102
Logical ref.	SPDC1
EAN13	8424450278093

Packaging info

Box	1 pcs.
------------	--------

Physical data

Net weight	194.00 g
Gross volume	0.82 dm ³
Gross weight	230.00 g
Width	35.00 mm
Height	62.00 mm

Depth	38.00 mm
-------	----------

Main product weight	164.00 g
