

Fixed Tray for 19" Rack with 600-800 mm Depth, 1RU

Designed for the easy installation of equipment that does not have a rack-mountable structure (routers, keyboards, computers, etc.).

Intended for installation in 19" racks with 600 mm depth. Its extendable rails allow mounting in 800 mm racks, although in this configuration the maximum load capacity is reduced. For installation in 800 mm racks requiring higher load capacity, the tray Ref. 533221 is recommended.

It has perforations in its base to facilitate the ventilation of the devices placed on it, as well as to allow them to be secured using Velcro straps or cable ties.

Ref.	533220
Logical ref.	UKS-L600
EAN13	8424450335420

Packaging info

Box	1 pcs.
