

Google Cast Gateway

Device required for the ArantiaCast solution integrated into LG/Samsung TVs with Google Cast. It provides a simple and intuitive interface on each room's screen, allowing users to access the TV channel guide (EPG) or the ArantiaCast pairing screen to send content from their personal device.

It also includes a section of apps accessible directly from the TV, with no need to use a mobile device. This makes it easy to enjoy apps not compatible with Google Cast, such as Netflix.

Only one device is needed per installation, and it is not necessary if the Arantia TV solution is deployed at the property.

Ref.	831420
Logical ref.	CASTGATEWAY
EAN13	8424450330166

Packaging info

Box	1 pcs.
------------	--------

Physical data

Net weight	2,150.00 g
Gross volume	10.80 dm ³
Gross weight	2,450.00 g
Width	210.00 mm
Height	45.00 mm
Depth	250.00 mm
Main product weight	2,150.00 g

Highlights

- Allows access to the ArantiaCast pairing screen on LG/Samsung TVs that do not include a dedicated button on the remote control
- One-time payment solution, so no subscription is required to use the casting service
- Optional integration with PMS to offer a personalized welcome and automatic system language configuration
- Secure system that ensures guest privacy by automatically deleting their credentials upon checkout

Technical specifications : Ref. 831420

CPU number of cores		4
CPU speed	GHz	2
RAM type		DDR3
RAM	GB	8
Number of HDD		2
HDD capacity	GB	128
Storage capacity	GB	256
Number of Gigabit Ethernet ports (10/100/1000BASE-T)		4
Input voltage	Vac	110 ... 240
Operating temperature	°F	23 ... 113

Technical Compatibility and Third-Party Infrastructure Disclaimer

The performance and functionality of the Televes provided casting and entertainment solutions are contingent upon the client's existing technological infrastructure. Accordingly:

- **Hardware Compatibility:** It is the client's sole responsibility to verify and ensure that their current TV inventory (manufacturers, models, and firmware versions) is fully compatible, at any time, with the technical requirements of our solution.
- **Streaming Services:** The availability, operation, and usage policies of third-party applications (such as Netflix, HBO, Disney+, YouTube, etc.) are independent of Televes. The client and the end-user are responsible for complying with the terms and conditions of these providers and maintaining the necessary subscriptions.
- **Network and Connectivity:** The client must ensure that their network infrastructure (Wi-Fi/LAN) meets the minimum requirements for bandwidth, port configuration, and network isolation necessary for content streaming.
- **Third-Party Updates:** Televes does not accept liability for service disruptions resulting from software updates, API changes, or modifications to terms of service implemented by hardware manufacturers or third-party content providers.
