

Adapter for Zhaga Node Connection on Flex or Flex Mini Floodlights E4-Series

Mechanical accessory designed to adapt the connection of a Zhaga node to an E4 Series Flex floodlight and turn it into a Z Series floodlight. This adapter makes it possible to evolve an installation and provide luminaires with connectivity, thus optimizing efficiency and performance. It is made of high-strength aluminum plate and is installed on the arm of a Flex floodlight.

It is compatible with Flex floodlight models from 1 to 4 modules, and with Flex Mini floodlights.

Ref.	690340
Logical ref.	FFAZ
EAN13	8424450320020

Packaging info

Box	1 pcs.
