

Tekniska specifikationer : Ref. 209903

|                                 |     |  |            |
|---------------------------------|-----|--|------------|
| Data connector model            |     |  | Female     |
| Data connector type             |     |  | RJ45       |
| Categorie                       |     |  | Cat 6      |
| Shielding type                  |     |  | FTP        |
| Housing material                |     |  | Zinc alloy |
| Voltage max.                    | Vac |  | 150        |
| Max. current                    | A   |  | 1,5        |
| Contact resistance              | mΩ  |  | 20         |
| Insulation resistance           | MΩ  |  | 500        |
| Dielectric strength (60Hz/1min) | Vac |  | 1000       |
| Conductor type AWG              |     |  | 26 ... 23  |
| Special tool required           |     |  | No         |
| Durability (connection cycles)  |     |  | 1500       |
| Reusable                        |     |  | Yes        |
| Cable output                    |     |  | 180°       |
