

## Technical specifications : Ref. 831410

RAM type		DDR4
RAM	GB	8
RAM speed	MHz	2400
Number of HDD		1
HDD type		SSD
HDD capacity	GB	240
Number of fans		2
Number of fans		2
Input voltage	Vac	100 ... 240
Mains frequency		50 Hz / 60 Hz
Max. power consumption	W	350
Operating temperature	°F	41 ... 95
Relative humidity	%	8 ... 90

## Technical Compatibility and Third-Party Infrastructure Disclaimer

The performance and functionality of the Televes provided casting and entertainment solutions are contingent upon the client's existing technological infrastructure. Accordingly:

- **Hardware Compatibility:** It is the client's sole responsibility to verify and ensure that their current TV inventory (manufacturers, models, and firmware versions) is fully compatible, at any time, with the technical requirements of our solution.
- **Streaming Services:** The availability, operation, and usage policies of third-party applications (such as Netflix, HBO, Disney+, YouTube, etc.) are independent of Televes. The client and the end-user are responsible for complying with the terms and conditions of these providers and maintaining the necessary subscriptions.
- **Network and Connectivity:** The client must ensure that their network infrastructure (Wi-Fi/LAN) meets the minimum requirements for bandwidth, port configuration, and network isolation necessary for content streaming.
- **Third-Party Updates:** Televes does not accept liability for service disruptions resulting from software updates, API changes, or modifications to terms of service implemented by hardware manufacturers or third-party content providers.
