

## Technical specifications : Ref. 831416

CPU number of cores			4
CPU speed	GHz		2
RAM type			DDR3
RAM	GB		8
Number of HDD			2
HDD type			SSD
HDD capacity	GB		64
Number of Gigabit Ethernet ports (10/100/1000BASE-T)			4
Number of USB ports			2
Display port			VGA
COM port			Serial console
Input voltage	Vac		110 ... 240
Operating temperature	°F		41 ... 113

## Technical Compatibility and Third-Party Infrastructure Disclaimer

The performance and functionality of the Televes provided casting and entertainment solutions are contingent upon the client's existing technological infrastructure. Accordingly:

- **Hardware Compatibility:** It is the client's sole responsibility to verify and ensure that their current TV inventory (manufacturers, models, and firmware versions) is fully compatible, at any time, with the technical requirements of our solution.
- **Streaming Services:** The availability, operation, and usage policies of third-party applications (such as Netflix, HBO, Disney+, YouTube, etc.) are independent of Televes. The client and the end-user are responsible for complying with the terms and conditions of these providers and maintaining the necessary subscriptions.
- **Network and Connectivity:** The client must ensure that their network infrastructure (Wi-Fi/LAN) meets the minimum requirements for bandwidth, port configuration, and network isolation necessary for content streaming.
- **Third-Party Updates:** Televes does not accept liability for service disruptions resulting from software updates, API changes, or modifications to terms of service implemented by hardware manufacturers or third-party content providers.
